

# FAQ

## Unable to send Cine images

## [FAQ – Unable to send Cine images]

- Situation  
The Cine images cannot be sent to PACS.
- Solution
  - Path: Utility > Setup > Connectivity > DICOM tab
  - Select the **Storage** from the service items.
  - Click **Edit**.
  - Check the **Include Multi Frame** checkbox.

\* If Cine images still cannot be sent after the settings, it is possible that the server does not support Cine files. Please contact your PACS administrator.
