

## FAQ

### What is “Save Patient Page as First Image”

## [FAQ – Save Patient Page as First Image]

- Question  
What is “Save Patient Page as First Image”?
- Answer  
If it is ‘On’,  
the Patient registration screen is automatically saved  
as the first image.

To enable it, go to [Setup](#) > [System](#) > [Patient tab](#) and enable [Save Patient Page as First Image](#) by clicking [On](#).
