Why Can't I Use Continue Exam

[FAQ – Continue Exam]

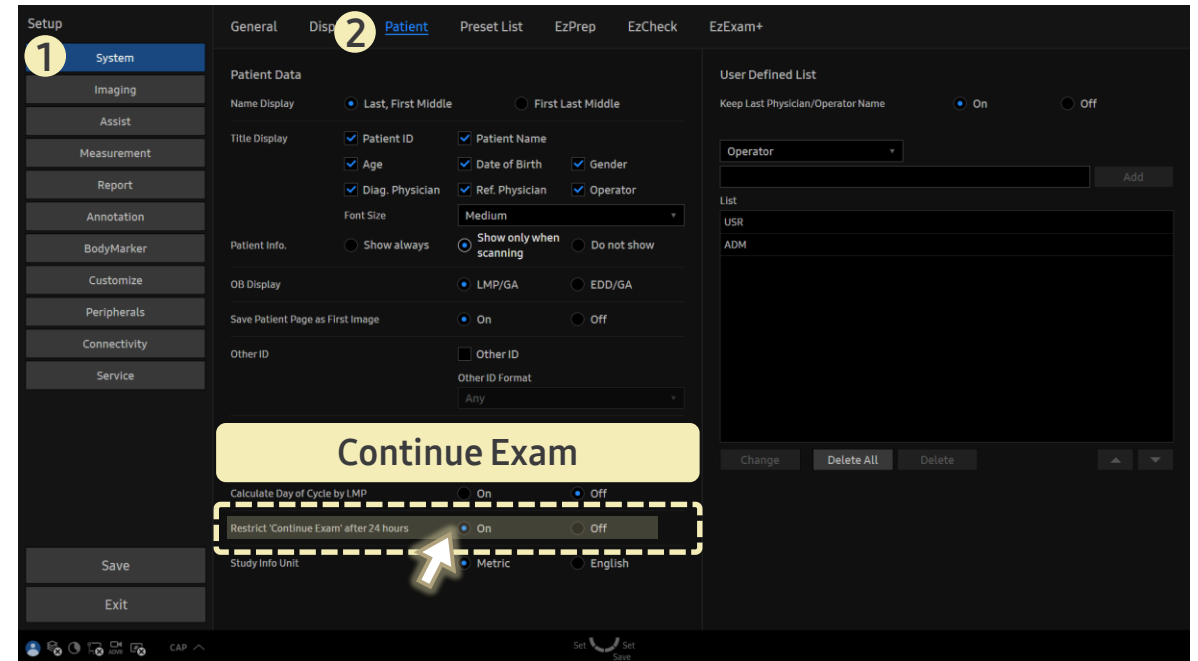

- Question
I'm unable to use the **Continue Exam** function. How can I resolve this?

- Answer

■ Path: Setup > System > Patient

Set **Restrict 'Continue Exam' after 24 hours** to **OFF**.

- ▶ When this setting is **ON**, only exams performed within the past 24 hours can be resumed using **Continue Exam**.

There are two ways to use the **Continue Exam** function:

- From the **Patient** registration screen
: Select an exam in the **Patient List** and click **Continue Exam** at the bottom.
- From the **Search** screen
: Select an exam in the **Exam List** and click **Continue Exam** on the left panel.
