## [FAQ – Keypress Sound]

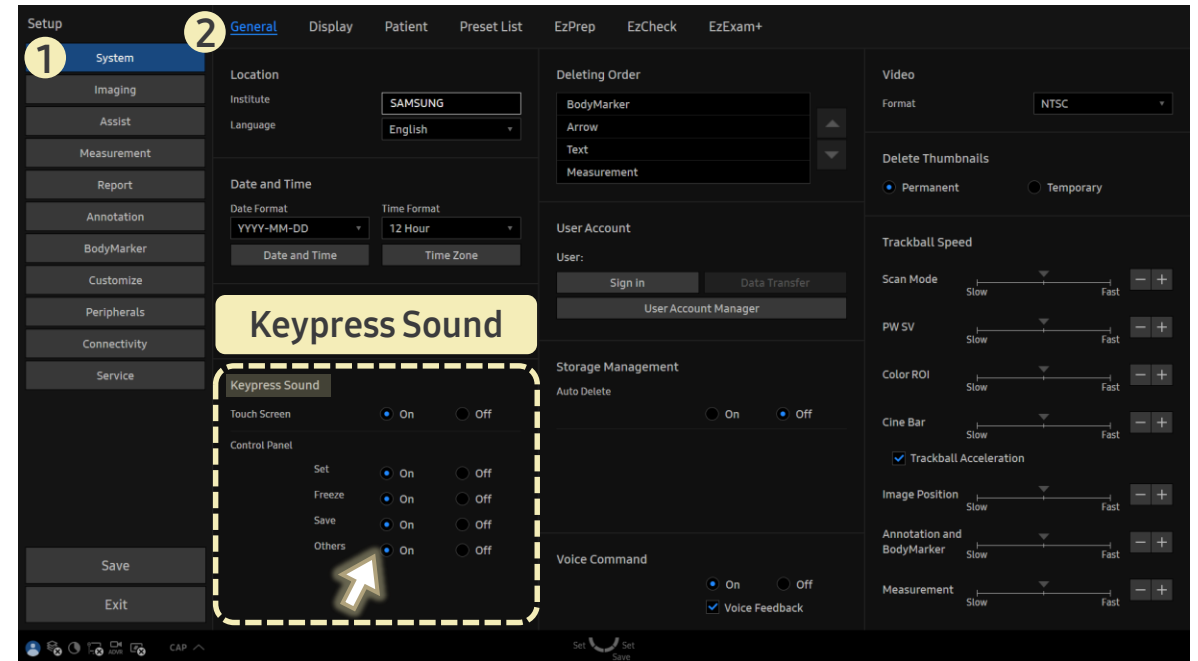

- Question  
How can I enable or disable the keypress sound on the touchscreen or control panel?

- Answer

■ Path: Setup > System > General

Under **Keypress Sound**, set each sound individually:

- ▶ **Touch Screen:** Choose **On** or **Off**.
- ▶ **Control Panel:** Set **On** or **Off** for each item separately.

- **Adjusting Sound Volume**  
You can adjust the sound volume via touchscreen in **Utility**.
