

## FAQ

# How to Change the Unit for Height and Weight in Study Information

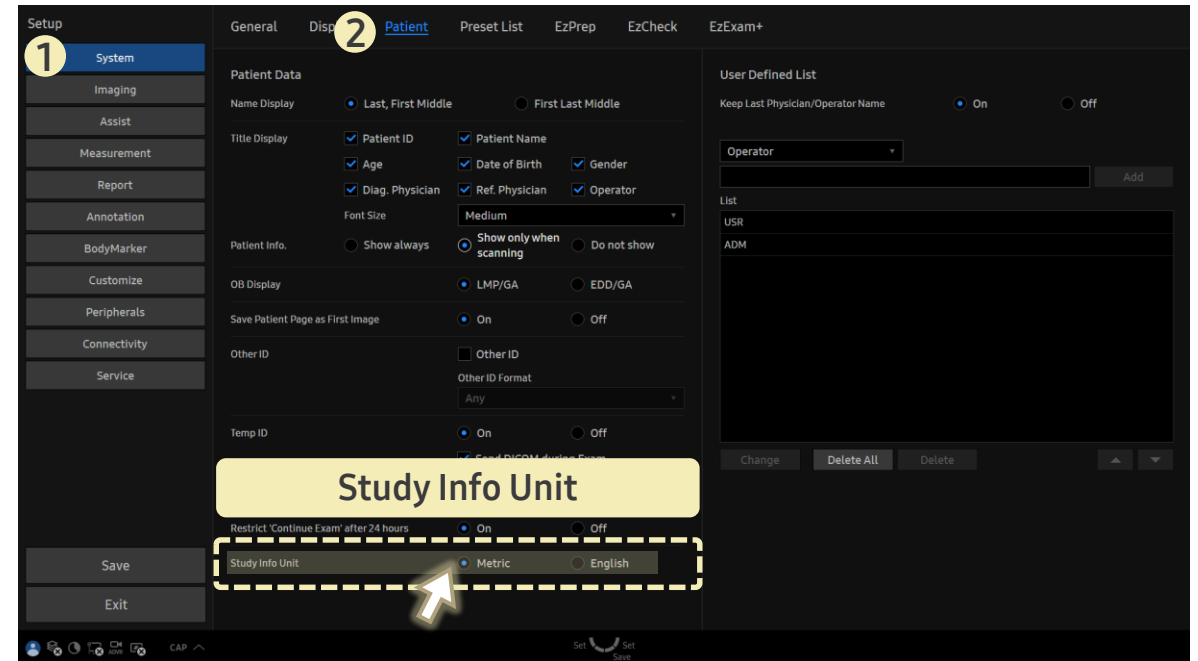

## [FAQ – Unit for Height and Weight]

- Question  
How can I change the unit for Height and Weight in the **Study Information** section on the **Patient** registration screen?

- Answer

■ Path: Setup > System > Patient

Select either **Metric** or **English** at **Study Info Unit**.

- When **Metric** is selected, height is shown in cm and weight in kg.
- When **English** is selected, height is shown in ft/in and weight in lb.
