## [FAQ – Keypress Volume]

- Question  
How can I adjust the keypress sound volume on the touchscreen?

- Answer

■ Path: Utility > Touchscreen

1. Tap **Utility** on the touchscreen.
2. At the bottom right, first adjust **Main Volume**.
3. Then adjust **Keypress Volume** as needed.
  - ▶ If **Main Volume** is set to 0, the keypress sound will not be audible even if **Keypress Volume** is increased.

- **Turning Keypress Sound On/Off**  
You can turn the keypress sound on or off in Setup > System > General > Keypress Sound.
